

Terms of Service

By using MC-List.org you are agreeing to the following Terms of Service. The use of "We" or "Us" on this page refers to the site and owning entity and the use of "You" refers to all visitors and users. If you do not agree to any of these terms, please discontinue use of MC-List.org.

Voting

You may only vote for a particular server once every day. Voting must be carried out in person and on this website, not through the use of any automated voting scripts, bots or programs. The trading or sale of votes between different servers is strictly forbidden. Server owners may only send votes (for example from a website or in-game) to the listing of a server which they directly own.

Server Content

You are only permitted to add a server to MC-List.org if you are the owner of the server or if you have been given explicit permission by the owner. You may only create one listing for the same server, multiple listings will be removed. Once a server has been added you agree that MC-List.org can make periodic attempts to gather and store data from your server (server version, MOTD, online players, etc.) and display this on our website. As a server owner you agree not to upload any pornographic, illegal or racist content as part of the server details (banner, name, description etc...). Fast flashing banners with bright colors are forbidden and may result in your banner or server being removed.

Removal of Servers

MC-List.org reserves the right to remove any server at any time with or without prior notice. A server may be removed for a number of reasons including, but not limited to:

- Inappropriate server details (banner, description, name, etc.)
- Special characters (stars, null characters, arrows, etc.) and anything other than the exact server name in the name field
- Low uptime (servers that were added to this website over two weeks ago with uptimes that fall below 25% may be automatically removed)
- Abuse of the voting system, such as the use of a voting bot

Cracked servers of any kind are forbidden and should not be added to the website. Any cracked servers discovered are subject to removal.

In addition to the removal of particular servers, we reserve the right to modify or remove individual server details (banner, description, name, etc.) without prior notice when they are deemed inappropriate but not to the extent that warrants a complete removal of the server.

Sponsored Servers

We reserve the right to change the method by which sponsored slots are allocated from month to month and also the quantity and nature of the slots. By placing a bid during an auction you are agreeing that if your bid is in the top 5 when the auction closes (a winning bid) you will pay the full amount within 72 hours of the auction ending. Payments are expected through PayPal. You may also be obliged to pay if another server fails to do so (or is deleted) and your bid moves into the top 5 bids. Failure to pay will result in the permanent removal of your server and your account from the website, and may also result the prevention of the re-creation of accounts on this website. Sponsored server slots are non-refundable and are provided 'as-is' with no guarantee included. We reserve the right to remove bids at any point during and after the auction, provided payment has not been made.
